Continuing Expenditures

"Continuing expenditures" refer to recurring or ongoing payments for goods or services over a period of time. These expenses are typically set up to be paid without needing repeated Disbursement Request form submissions. These can be set up by completing, signing, and submitting a Continuing Expenditures Request form.

These requests are only for payments that are made monthly to the same payee. By setting up a Continuing Expenditure Request, you provide authorization for recurring payments, eliminating the need to sign and submit a Disbursement Request form each month. Although bills must still be submitted to Trust Services for review and approval, you can also arrange for them to be sent directly to The Arc of Bristol County, Attention: Trust Services.

***The Arc of Bristol County
Attention: Trust Services
16 Hillside Ave
Attleboro, MA 02703***

Please note that Trust Services is not responsible for tracking bills. To ensure invoices are paid, it is important to regularly monitor the Beneficiary's account with the provider responsible for sending the bills. We cannot process invoices that we do not receive. If the Beneficiary or Personal Representative wants to discontinue any established Continuing Expenditures, it is their responsibility to notify Trust Services.

Investments

Each Beneficiary has a separate trust sub-account. For the purposes of investment, the money from all trust sub-accounts are pooled (combined) within The Arc of Bristol County Master Pooled Trust. Pooling the assets makes it possible to earn a higher rate of return than would be possible individually. Each Beneficiary’s gains and/or losses are allocated to their individual trust sub-account. Please note that due to the nature of a pooled trust, individual sub-accounts are not able to direct, select, choose, or specify where their funds are invested.

The funds in The Arc of Bristol County Master Pooled Trust are moderately invested to preserve capital for as long as possible. Each Beneficiary’s gains and/or losses are allocated to their individual sub-account. The sub-account’s funds, like other investments, are not insured by the FDIC, are not bank guaranteed, and may lose value. Each sub-account’s gains and/or losses can be tracked on the statements sent to the Beneficiary or Personal Representative.

The Arc of Bristol County Master Pooled Trust benefits from the professional investment expertise of the Financial Trustee. The Financial Trustee for the Master Pooled Trust is Bristol Wealth Group, which partners with Charles Schwab. Investments are regularly reviewed and managed.

Information from the Beneficiary's trust tax returns may need to be reported on their personal tax returns, so it is recommended that you wait to file the Beneficiary's tax returns until you receive the trust tax documents.

Please note that in the investment industry, financial institutions have until February 15th to distribute their 1099 forms, which are different from the types of 1099s most people are familiar with that must be distributed by January 31st. So, the CPA's office that prepares the trust tax returns gets started later.

Although every effort will be made to complete the trust tax returns and any K-1 forms promptly, we often do not receive the completed tax documents for each sub-account until the end of March. We mail copies out as soon as possible. Please let Trust Services staff know if you would prefer to have the copies emailed to you to save time.

If you have concerns about delaying the filing of personal taxes, having your tax professional file for an extension with the IRS may be something to consider.

Budgeting

Budgeting

Each sub-account is unique. The amount of money in the sub-account and the needs of each Beneficiary are different. The Personal Representative and the Beneficiary should discuss the Beneficiary's situation and plan accordingly to make the best use of the money in the trust sub-account.

The Arc of Bristol County Trust Services staff will work with the Personal Representative and Beneficiary to make sensible disbursements using the trust sub-account funds wisely, setting priorities, identifying cost-effective options, and maximizing the long-term benefits of the Beneficiary's funds. When reviewing disbursement requests, Trust Services staff consider the past distribution of funds and how the current requests will affect the future.

Budgeting is a great way to plan ahead, keep track of spending and manage funds.

LIFETIME BUDGET

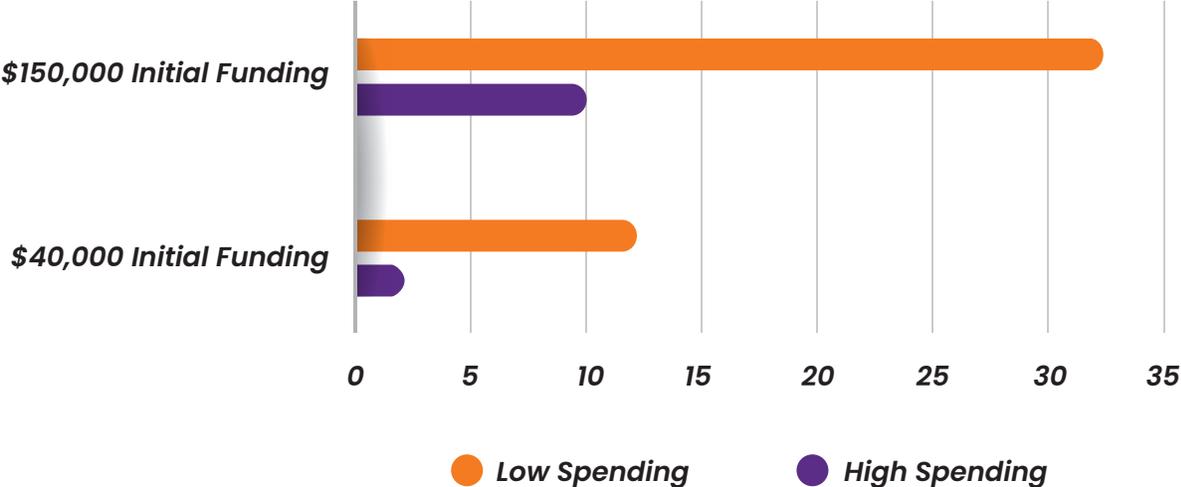

A sub-account can last for one year, ten years, or longer, depending on how much money is contributed and how fast it is disbursed. What seems like a large amount of money can feel like a small amount of money when it is spent very quickly. To help illustrate this concept, we have created a sample Lifetime Budget. There are two initial contribution amounts and two rates of spending. It's important to think about what the Beneficiary's current needs are and what they may be in the future. Keeping in mind what is in their best interest and how long you need the funds to last.

Use these sample budgets as a tool to:

- Determine how long the funds for the Beneficiary may last.
- Decide whether to make a large purchase or, instead, prolong the use of the trust sub-account.
- Compare different amounts and types of expenses.

Budgeting

HOW MANY YEARS WILL THE SUB-ACCOUNT LAST?

Reminders!

HIGH SPENDING DISCLAIMER

- The “High Spending” budget is NOT a recommendation. It is included here to show how quickly funds will run out if these types of purchases are made and this kind of spending occurs. For some Beneficiaries, it is necessary to use their trust sub-account funds this way; however, for others, it is better to follow the “Low Spending” budget.

EARNINGS

- The trust sub-account funds are invested by the Financial Trustee. Gains or losses are not included in these sample budgets because they will vary depending on the trust sub-account balance and market fluctuations. Monthly statements will show the trust sub-account earnings and/or losses.

ANNUAL MAINTENANCE FEE

- The Annual Maintenance Fee may be higher or lower depending on the balance of the sub-account. The Annual Maintenance Fee amount will change as the sub-account balance changes.

SOLE BENEFIT RULE

- The Social Security Administration and MassHealth/Medicaid require that any payment made from the trust sub-account must be for the sole benefit of the Beneficiary. This means that the The Arc of Bristol County Master Pooled Trust cannot pay for items or services that benefit anyone other than the Beneficiary (*e.g. furniture for the whole family or entire family cell phone plans*). To comply with this rule, payments for household expenses must be for only the Beneficiary’s portion of those expenses.

FOOD, HOUSING AND SSI BENEFITS

- If the Beneficiary is receiving SSI benefits, the sub-account cannot pay for food, beverages, or anything related to housing (*e.g., homeowner's or renter's insurance, home maintenance, etc.*) without affecting the Beneficiary’s SSI benefits.

DISBURSEMENTS

- Disbursement requests for reimbursement or bills to be paid must be submitted within 60 days from the date the expenses were incurred or the due date on the bill.
- Up to \$500 per month for companionship services. The bills for these services must be from a professional agency.
- Up to \$500 per month for caretaking services. The bills for these services must be from a professional agency.
- The Arc contracts with TEAMS and does not hire employees for the Trust.

Disbursements

Requesting Disbursements

The Arc of Bristol County Master Pooled Trust requires a processing period of 10 business days after the Joinder Agreement has been fully executed and the first contribution has been deposited before the trust sub-account is ready to use. Trust Services staff will notify the Beneficiary or Personal Representative with a welcome letter or email when the trust sub-account is fully active.

Disbursement Request Forms can be found on the The Arc of Bristol County Master Pooled Trust website: www.arcnbc.org.

Disbursement Request Timeline

What You Need To Know About Disbursement Requests

- Disbursements are made via check or True Link Debit Card.
- Disbursements made to the True Link Debit Card can only be for specific items that are requested and approved by Trust Services. The card does not provide full access to the Beneficiary's funds like a regular debit card. Receipts must be submitted for all purchases made with the True Link card, ensuring we have proof on file that the card was used for allowable expenditures. If we do not receive receipts for purchases promptly, further requests may not be approved, and the card may be suspended.
- We are unable to disburse funds using any type of money transfer app (Venmo, Cash App, Paypal, etc.) or mobile wallet (Apple Pay or Google Pay).
- Disbursements cannot be made to the Beneficiary (it would be considered income by Social Security, MassHealth/Medicaid, and Housing Authorities).
- Checks can be disbursed to people, organizations, or businesses that have made purchases or payments on behalf of the Beneficiary and are seeking reimbursement. ***Must be allowable expenditures.***
- Disbursement requests for reimbursement must be submitted with detailed receipts and/or invoices that were paid along with proof of payment within 60 days from the date the expense was incurred.
- Before making any purchases over \$500.00, it is strongly recommended that you contact Trust Services to be sure that the purchase will be approved for reimbursement.
- Please note that we cannot reimburse anyone who has paid for anything using an account shared with the Beneficiary, or that is solely in the Beneficiary's name. We cannot reimburse purchases made using store credits or gift cards.
- Credit card accounts owned by the Beneficiary can be reimbursed via check to the credit card company for specific purchases that are considered allowable expenditures when submitted within a 60-day time frame. The credit card statement showing the purchases and the detailed receipts from the purchases must be submitted along with a Disbursement Request form.
- Checks can be disbursed directly to businesses, organizations, firms, etc., to which the Beneficiary owes money for allowable expenditures. A detailed invoice must be submitted along with a Disbursement Request form.

Receipts

- 1) ALL disbursement requests submitted to Trust Services staff **must** include copies of receipts, estimates, proofs of payment, invoices, or other required documents.
 - a) **Send copies only!** No *original* receipts, invoices, estimates or proofs of payment should be sent to us.
 - b) All documents must be legible when received by us.
 - c) No documents will be returned.
- 2) Do not send original payment stubs, order forms or payment envelopes. We will not forward or return these. Make a copy and keep originals for your records.
- 3) When using a credit card belonging to the Beneficiary to purchase items or services, a copy of the credit card statement is required with the receipts in order to process reimbursements to the credit card company.

Things to Consider

- 1) The Arc of Bristol County, as Trustee has the final decision in approval of all disbursement requests. **Not all disbursement requests will be approved.**
- 2) Complicated or high dollar amount disbursement requests will take additional time.
- 3) Timely submission of Disbursement Request Forms is required. Trust Services staff will only consider disbursement requests for expenditures within the previous **two months**. Expenses that pre-date the establishment of the trust sub-account can only date back 60 days prior.
- 4) Time-consuming Disbursement Requests and/or excessive Disbursement Request submissions may be subject to a fee.
- 5) Forms cannot be altered in any way and will be returned to the Beneficiary or Personal Representative and will delay the processing of the disbursement request.

Denied or Reduced Disbursement Requests

- 1) If a disbursement request is denied or reduced, Trust Services staff will notify the Beneficiary or Personal Representative of the reason for the denial or reduction.
- 2) If a disbursement request reduces the account balance to \$1,000.00 or below, the request may be either reduced or denied. In such cases, Trust Services staff will inform the Beneficiary or Personal Representative about the situation and advise that the account may need to be closed due to the low balance.
- 3) Denied or reduced disbursement requests may be appealed.
 - a) An appeal must be made in writing by the Beneficiary or Personal Representative to the Master Pooled Trust Committee.
 - b) If the Master Pooled Trust Committee denies the appeal, the Beneficiary or Personal Representative can appeal to The Arc of Bristol County's President & CEO. The President & CEO's decision is final.

Closing Sub-Accounts

Closing Sub-Accounts

The Arc of Bristol County Master Pooled Trust is an Irrevocable Trust. The Beneficiary's trust sub-account can only be closed when the balance falls below the required minimum of \$1,000 and no further contributions are anticipated. Going through the application process and paying an enrollment fee will not be necessary if the sub-account is reopened within two (2) years of its closure.

Death of a Beneficiary

We recognize that the passing of a loved one can be challenging and emotional. Please be assured that we will be here to support you with compassion and care as you navigate the closure of the trust sub-account. We are committed to closing trust sub-accounts with the utmost respect and sensitivity during difficult times. We are here to answer any questions you have throughout the closing process.

Notification and Death Certificate: Upon the death of the Beneficiary, The Personal Representative should notify The Arc of Bristol County Master Pooled Trust within (30) days of the Beneficiary's death and provide a copy of the death certificate to Trust Services staff as soon as possible. Receiving the death certificate will begin the process of closing the trust sub-account. This process may take up to one year from the date of death.

OTHER IMPORTANT CONSIDERATIONS

Funeral Expenses

Please note that the only way to guarantee that funds are available to pay for the Beneficiary's funeral is to pre-pay for the funeral arrangements. Receptions and gatherings after the funeral are not allowable expenditures.

Payments after death

Any requests submitted after the death of the Beneficiary will be denied.

MassHealth/Medicaid Right to Reimbursement

Funds remaining in the Beneficiary's trust sub-account at the time of the Beneficiary's death will be frozen. MassHealth/Medicaid has a lien on each trust sub-account due to their right to reimbursement, as outlined in the Joinder Agreement.

- During the closing process, we will request a claim amount from MassHealth/Medicaid. They will then submit a claim amount to us after they determine what, if anything, they paid out on behalf of the Beneficiary during their lifetime.
- When the closing of the sub-account is ready to be finalized, The Arc of Bristol County Master Pooled Trust will prepare the Schedule of Final Distributions. The final distributions include the final tax preparation fee, The Arc of Bristol County's charitable remainder, and MassHealth/Medicaid's claim amount, if applicable. After these distributions, any remaining amount will be distributed to the remainder Beneficiaries as named in the Joinder Agreement.

Last Things First

Last Things First

Planning funeral arrangements is never an easy thing to do. However, it is necessary and that is why The Arc of Bristol County Master Pooled Trust recommends that you consider the last things first and prepare for final arrangements when the trust sub-account is established for the Beneficiary.

Preparing Final Arrangements

The only way to guarantee the Beneficiary's funeral or burial expenses are paid for is by making arrangements PRIOR to the Beneficiary's death.

We understand that planning for end-of-life arrangements can be challenging, but we encourage the Beneficiary and their Personal Representative to **make funeral arrangements before the Beneficiary's passing, when funds are available**. We encourage all Beneficiaries and/or Personal Representatives to purchase a pre-paid funeral plan for the Beneficiary using funds from their trust sub-account if they don't already have one. This must be done prior to the Beneficiary's death.

Funds in the trust sub-account at the time of the Beneficiary's death will not be available to pay for funeral arrangements. The only way to guarantee that funds are available to pay for funeral costs is to set up a pre-paid funeral contract with the funeral home of your choice.

- 1) Contact a funeral home or other provider in your area.
- 2) Determine a budget you would like to use for the Beneficiary's pre-paid arrangements.
- 3) Discuss your choices with the provider and determine the appropriate selections for your situation (funeral, burial, cremation etc.). You may also want to contact the cemetery to inquire about pre-paying for any burial fees, as this may not be included in the funeral home's contract.
- 4) Inquire about pre-payment for a headstone and engraving, if required by the Beneficiary's arrangements or preferences.
- 5) To complete the final arrangement process, set up a pre-paid funeral plan and submit a completed Disbursement Request Form to Trust Services staff for approval and payment prior to the passing of the Beneficiary. Please contact us with any questions.

Funeral arrangements for the Beneficiary must be pre-paid prior to the Beneficiary's death.

Acknowledgment of Policies

To begin using the trust sub-account, the Beneficiary or Personal Representative must complete and return the Acknowledgment of Policies Form to Trust Services. This form can be found at the end of this document, included in the Welcome packet, and is also available on our website.

We sincerely hope that this guide will be a valuable resource for you, providing answers to any questions you may have. If you cannot find an answer to a particular question in this guide, please feel free to contact Trust Services.
